

Resolution No. 2010R-071

**A RESOLUTION ESTABLISHING
CERTAIN RATES, FEES AND CHARGES
FOR THE CAVE ROCK/UPPAWAY WATER SYSTEM**

WHEREAS, the Board of County Commissioners has directed that monthly water rates and related fees and charges fund the operations of the enterprise fund consistent with the County's adopted financial policies and budget directives.

WHEREAS, the Board of County Commissioners has directed that all County owned water systems be operated as independent enterprise funds in conformance with NRS 354.517; and

WHEREAS, pursuant to NRS 354.517 "Enterprise Fund" means a fund established to account for operations: 1. Which are financed and conducted in a manner similar to the operations of private business enterprises, where the intent of the governing body is to have the expenses (including depreciation) of providing goods or services on a continuing basis to the general public, financed or recovered primarily through charges to the users; or 2. For which the governing body has decided that a periodic determination of revenues earned, expenses incurred and net income is consistent with public policy and is appropriate for capital maintenance, management control, accountability or other purposes; and

WHEREAS, the current water rates and related fees and charges are not sufficient to properly fund the operations of the enterprise fund consistent with the County's adopted financial policies and budget directives; and

WHEREAS, the service area for the Cave Rock/Uppaway water system is shown in Exhibit A.
